Description

Step aboard the VXR and discover true sporting performance and a range of thrills like you never experienced before.

A luxurious two-tone, step-up seat – designed for comfort and relaxed control – immediately tells you that the VXR is all about having some serious watersports fun. Discover the combination of a powerful 4-stroke 1812cc High Output engine and ultra-light NanoXcel® hull - together they deliver acceleration and tight-turning ability that liberates you to re-explore your own boundaries.

Finished in its dramatic new colour of metallic blue, the VXR proves that class-leading performance can be delivered with style as well as efficiency. Step up for action.
